Maximum protection,
excellent value

Keeping the hands of industry safe

The Skytec Elements range offers maximum protection for excellent value. With options for cut, heat, liquid, and multipurpose protection, there is an option for an array of tasks and applications.

Cut Protection

EMG725

CUT PROTECTION

A soft and comfortable light cut resistant glove with polyurethane coating. Ideal for handling sharp parts in dry or greasy conditions.

Key Features

- ✓ Cut resistance: Level B / A2
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Glass and steel fibre free reduce risks of irritation
- ✓ Durable polyurethane palm coating ensures good protection against abrasion
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless knit prevents irritation
- ✓ Elasticated wrist provides a secure fit

EMG735

CUT PROTECTION

A soft and comfortable medium cut resistant glove with polyurethane coating. Ideal for handling sharp parts in dry or greasy conditions.

Key Features

- ✓ Cut resistance: Level C / A3
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Durable polyurethane palm coating ensures good protection against abrasion
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless knit prevents irritation
- ✓ Elasticated wrist provides a secure fit

Cut Protection

EMG728

CUT PROTECTION

A soft and comfortable light cut resistant glove with sandy nitrile coating. Ideal for handling sharp parts in dry, oily or greasy conditions.

Key Features

- ✓ Cut resistance: Level B / A2
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Glass and steel fibre free reduce risks of irritation
- ✓ Durable sandy nitrile palm coating ensures good protection against abrasion and excellent grip in wet and oily environments
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration

EMG745

CUT PROTECTION

A soft and comfortable medium cut resistant glove with polyurethane coating. Ideal for handling sharp parts in dry or greasy conditions.

Key Features

- ✓ Cut resistance: Level D / A4
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Durable polyurethane palm coating ensures good protection against abrasion
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless knit prevents irritation
- ✓ Elasticated wrist provides a secure fit

Cut Protection

EMG738

CUT PROTECTION

A soft and comfortable medium cut resistant glove with sandy nitrile coating. Ideal for handling sharp parts in dry, oily or greasy conditions.

Key Features

- ✓ Cut resistance: Level C / A3
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Durable sandy nitrile palm coating ensures good protection against abrasion and excellent grip in wet and oily environments
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless knit prevents irritation

EMG755

CUT PROTECTION

A soft and comfortable high cut resistant glove with polyurethane coating. Ideal for handling sharp parts in dry or greasy conditions.

Key Features

- ✓ Cut resistance: Level E / A5
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Durable polyurethane palm coating ensures good protection against abrasion
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless knit prevents irritation
- ✓ Elasticated wrist provides a secure fit

Cut Protection

EMG765

CUT PROTECTION

A soft and comfortable high cut resistant glove with polyurethane coating. Ideal for handling sharp parts in dry or greasy conditions.

Key Features

- ✓ Cut resistance: Level F / A6
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Durable polyurethane palm coating ensures good protection against abrasion
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless knit prevents irritation
- ✓ Elasticated wrist provides a secure fit

EMG748

CUT PROTECTION

A soft and comfortable medium cut resistant glove with sandy nitrile coating. Ideal for handling sharp parts in dry, oily or greasy conditions.

Key Features

- ✓ Cut resistance: Level D / A4
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Durable polyurethane palm coating ensures good protection against abrasion
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless knit prevents irritation
- ✓ Elasticated wrist provides a secure fit

Cut Protection

EMG758

CUT PROTECTION

A soft and comfortable high cut resistant glove with sandy nitrile coating. Ideal for handling sharp parts in dry, oily or greasy conditions.

Key Features

- ✓ Cut resistance: Level E / A5
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Durable sandy nitrile palm coating ensures good protection against abrasion and excellent grip in wet and oily environments
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless knit prevents irritation

EMG768

CUT PROTECTION

A soft and comfortable high cut resistant glove with sandy nitrile coating. Ideal for handling sharp parts in dry, oily or greasy conditions.

Key Features

- ✓ Cut resistance: Level F / A6
- ✓ A flexible and comfortable glove offering great dexterity
- ✓ Durable sandy nitrile palm coating ensures good protection against abrasion and excellent grip in wet and oily environments
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Reinforced thumb crotch enhances durability
- ✓ Designed for easy movement and continuous wear
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless knit prevents irritation

Heat Protection

EMG344

HEAT PROTECTION

Multipurpose latex grip glove with a medium-weight recycled cotton / polyester liner

Key Features

- ✓ A flexible, robust 10 gauge glove offering good dexterity and cushioning effect when working in heavy duty applications
- ✓ Comfortable polyester/ recycled cotton seamless liner
- ✓ Rough latex finish for a secure grip
- ✓ Contact heat protection up to 250°C / 482°F for a short period (15 sec max)
- ✓ Elasticated wrist provides a secure and comfortable fit
- ✓ Seamless liner prevents irritation
- ✓ Breathable back of hand to reduce perspiration

EMG215

HEAT PROTECTION

Lightweight general handling glove with outstanding fitting and grip properties.

Key Features

- ✓ Seamless nylon/spandex liner provides superior comfort and dexterity
- ✓ Thin nitrile micro foam coating enhances fingertip sensitivity
- ✓ Excellent grip in both slightly oily and dry environments
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Anatomically designed for maximum fit
- ✓ Breathable back of hand to reduce perspiration
- ✓ Elasticated wrist provides a secure fit

Heat Protection

EMG201

HEAT PROTECTION

Fully coated nitrile with a nitrile sandy finish palm. Excellent grip in wet and oily conditions as well as oil and water submersion.

Key Features

- ✓ A flexible, robust glove with polyester liner
- ✓ Protects the hand from water, oils, hydrocarbons, grease and abrasion, with optimal long lasting grip
- ✓ Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- ✓ Close-fitting liner for a comfortable wearing experience
- ✓ Designed for easy movement and continuous wear
- ✓ Elasticated wrist provides a secure and comfortable fit
- ✓ Seamless liner prevents irritation

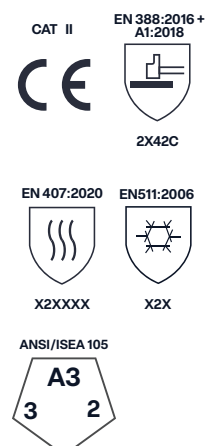

EMG848

HEAT PROTECTION

A robust and brightly-coloured grip glove with an insulated liner, designed to protect down to -20°C for short or intermittent contact.

Key Features

- ✓ A robust glove with high resistance to tearing
- ✓ Special fibre knitting process results in a super-soft insulated liner
- ✓ Crinkle latex palm offers strong grip performances and allows slippery objects to be gripped firmly
- ✓ Bright yellow colour for improved hand visibility
- ✓ Light cut protection to handle sharp parts
- ✓ Contact heat protection up to 250°C / 482°F for a short period (15 sec max)
- ✓ Flexible and designed for easy movement extended wear
- ✓ Seamless knit helps prevent irritation

Multi purpose Protection

EMG211

MULTI PURPOSE PROTECTION

Durable, abrasion resistant and lightweight, EMG 211 protects from oils, grease and abrasion, with effective grip.

Key Features

- ✓ Durable, water and oil resistant palm coating
- ✓ Coating resists snags and abrasion
- ✓ Breathable liner keeps hand cool and helps to reduce perspiration
- ✓ Lint free, reducing the risk of product contamination
- ✓ Flexible and close-fitting design for a comfortable wearing experience
- ✓ Seamless liner prevents irritation
- ✓ Elasticated wrist provides a secure and comfortable fit

EMG133

MULTI PURPOSE PROTECTION

A very supple, stretchable and comfortable general handling glove. Ideal for precise operations requiring excellent dexterity in dry or greasy conditions.

Key Features

- ✓ Durable polyurethane palm coating resists rips and abrasion
- ✓ Excellent grip in dry handling conditions
- ✓ Breathable liner keeps hand cool and helps to reduce perspiration
- ✓ Lint free, reducing the risk of product contamination
- ✓ Flexible and close-fitting design for a comfortable wearing experience
- ✓ Seamless liner prevents irritation
- ✓ Elasticated wrist provides a secure and comfortable fit

The seamless lightweight liner and latex coating maintain an overall superthin feel for enhanced dexterity, fit and comfort. For manual handling in damp and dry conditions.

Key Features

- ✓ Lightweight crinkle latex coating on palm offers improved dexterity, comfort and excellent grip properties in dry and wet conditions
- ✓ Anatomically designed for high levels of comfort and tactile touch
- ✓ Seamless 13 gauge polyester knitted liner for a nice wearing experience
- ✓ Abrasion and rip resistant
- ✓ Elasticated wrist provides a secure and comfortable fit
- ✓ Seamless liner prevents irritation

A very supple, lightweight and abrasion resistant glove. Ideal for precise operations in dry, greasy or slightly oily conditions.

Key Features

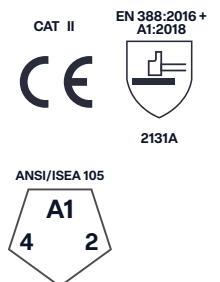

- ✓ Nitrile foam palm coating provides a secure grip in oily conditions with a tactile touch
- ✓ Anatomically designed for high levels of comfort and tactile touch
- ✓ Seamless 13 gauge polyester knitted liner for a nice wearing experience
- ✓ Elasticated wrist provides a secure and comfortable fit
- ✓ Breathable back of hand to reduce perspiration
- ✓ Seamless liner prevents irritation

A flexible glove fully coated with smooth latex and sandy latex palm offering powerful grip properties. Ideal for heavy duty handling tasks and when exposed to changeable weather conditions.

Key Features

- ✓ Full smooth latex coating coupled with an additional latex sandy coating to the palm and fingertips
- ✓ Long lasting grip performance in wet and dry conditions
- ✓ Seamless 13 gauge polyester knitted liner for a nice wearing experience
- ✓ Good abrasion and tearing properties
- ✓ Water repellent
- ✓ Soft, comfortable fit
- ✓ Anatomical hand shape design helps prevent hand fatigue

Respiratory Protection

EMR102

RESPIRATORY PROTECTION

Skytec Elements Cup Shaped Respirator FFP2V

Key Features

- ✓ Lightweight, cup shaped respirator
- ✓ Low profile exhalation valve to reduce heat and moisture build up
- ✓ Soft Inner nose seal
- ✓ Continuous Loop Headstrap ensures easy fitting
- ✓ Conforms to EN 149:2001+A1:2009
- ✓ FFP2 NR
